## SVC 3 : Modelers From All Over Take Home Plenty of Our Awards

**CONGRATULATIONS AGAIN to ALL WHO SHOWED AND PLAYED AT SVC Three**

*Text/Images: Mick Burton*

*Models: MANY MANY Enthusiastic Modelers from all over*

***The SJSM/SVSM Annual Contest crews have been creating themselves anew and leading the way to this fun folly for well over 30 continuous years now. Begun well before that by the club's founders, with a March 1971 date in our archives recorded for our "first ever Northern Cal IPMS Regional Show & Contest" staged in a San Jose hall.***

*In recounting these early years and continuity of this current "event.show.contest" string, I am merely framing what is a pleasing moment to reflect that during that 30 plus noted, I now have 18 years of data collected for useful analysis. Specifically records of how many model/modelers, types/categories/winners of and FROM WHERE. Very good data.*

While we also have many many newsletters and such which can provide a lot of supporting insight, data for those who wish to research or argue, the consistent rigor of this particular data collection not only serves its immediate purpose in supporting running the specific event in real time, this also provides a very tough to argue time capsule for future work

This year, the 3<sup>rd</sup> Silicon Valley Classic under the Contest Direction of President/CD Mike Woolson and his team, has provided another solid chunk of evidence we can hold a great party plus our hosts don't favor "home cooking" or any other poor mouth portrayals which can poison an event in the "aftermath". In fact, if you weren't there (sorry you had to miss it !) or were, you saw pretty fine turnout of entrants and winners from all over, AGAIN. **Boo Ya!** ( cont'd on 3)

***Classic Reflection of Having Fun Sharing Model Contest History as opposed to just “knowing stuff” ( from 1)***

Of 147 winning category models, the modeler’s stated city of residence break out as follows this year, 2016 SVC #3

Alameda -2	Clovis-7	Ladera Ranch-3	San Ramon-4
Albany -1	Danville-1	Milpitas-1	San Diego-1
Anaheim-1	Discovery Bay-1	Modesto-1	San Jose - 24
Aptos-1	Downey-4	Mountain House-2	San Ramon-4
Atwater-1	Elk Grove-2	Newark-5	Santa Clara-3
Belmont-2	Felton-1	Pacheco-1	Santa Rosa-5
Brentwood-8	Folsom-4	Palo Alto-9	Stockton-1
California City-2	Fremont-6	Papeete, Fr Polynesia-4	Sunnyvale-4
Cameron Park-6	Hayward-1	Placerville-3	Tracy-1
Campbell-9	Jamestown-1	Redwood City-3	Vacaville-2
Castro Valley-1	La Habra-4	Sacramento-4	

Here is a look at the 1/2/3 awards that Messr Woolson selected to be our trophy for categories this year.

As you can ascertain from charting above, there is a lot of these whose new home is certainly no where in immediate vicinity of the SVSM or Bay Area, or case of 4 specifically, *not even in the USA !*

The Special Awards break out was just as marvelous this year in how they “worked out”

SA1-Best of Show Senior	Newark
SA2-Best Of Show Junior/Youth	Palo Alto
SA3-Best Theme " Clock's A Ticking "	Sacramento
SA4-Best SF, Fantasy or Real Space	San Jose
SA5-Best Maritime Subject	Newark
SA6-Best Auto	San Jose
SA7-Best Armor	Elk Grove
SA8-Best Aircraft	Papeete, Fr Polynesia
SA9-Best Figure or Diorama Subject	Discovery Bay
SA10-Silk Purse/Sows Ear Ralph Patino Mem	Aptos
SA11-Best Competition Auto A Deogracias Mem	Sacramento
SA12 -Tim Curtis Mem Award - Service to SVSM	Fremont
SA13 -Tim Curtis Mem Award - Service to SVSM	Fremont
SA14-Kenneth Jung Subject of Honor Award	San Jose
SA15-Steve & Anita Travis Subject of Honor Award	Mountain House

Above, a look at the “BOSS” Cup, inside which you can sail (again) the winner’s model.

On the left, most of Special Awards covered by SA-3 to SA-15.

Below, a pair of our “sponsored” Special Awards (besides the BOSS Cup, again paid for by the President & Con Dir)

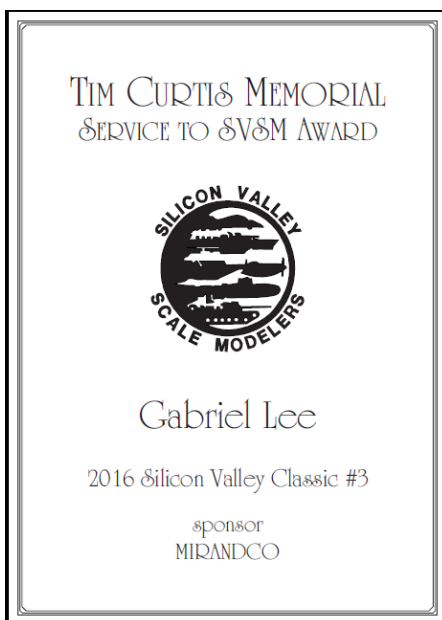

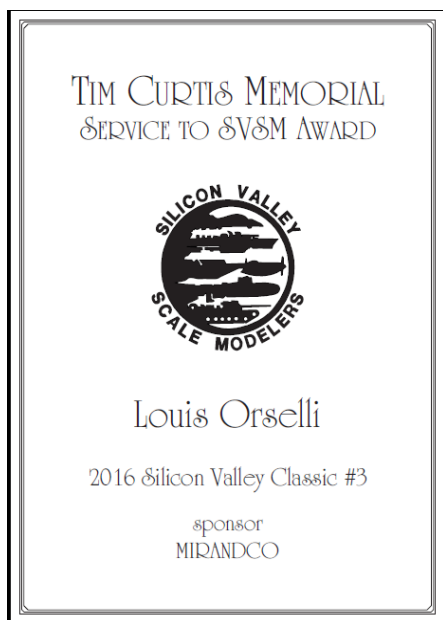

The JBOS is a nice little real time package, sponsored and provided for by Mike W. If you look closely, you’ll see that the winner has his entry in the middle picture space, as a real time benefit of this particular award !

The award on right is Memorial. Honor to a long time member of both SVSM and those “Free” Hornets of Fremont IPMS, now for a fourth rendering since dear Angelo left us. I sponsor and arrange award production, with Mike Meek and Rodney J Williams also for sponsors. This “Best Competition Automotive Subject” replaced the “Ayrton Senna” that Angelo always proudly referred to “his home club’s shining moment” for so many years.

We may reduce Special Awards here and there over time, but this one has a pretty permanent status & sponsorship!

On the left, latest two given out at SVC for the hard to win Tim Curtis Memorial Award. Gray Scale art proofs show here Below, an earlier example so that you’ll see how lovely they actually come out.

Sponsor MIRANDCO has long if unknown history of putting money for some of these specials, not bad record for an “obscure Central American Republic” (actually, it’s Editor’s sole proprietorship, proudly underway since before 1998)

The Steve & Anita Travis Award seen in capable hands of the Creator, is subject of an article elsewhere so will be photo here.

The Kenneth Jung Award, being given a second year in a row at SVC # 3, sponsor Peter Long of the Free Hornets in honor of long time friend and R-9 modeler who has left us. This year, SVSM’s own Ben Pada got this tasty trophy for his Spitfire.

Behind the KJ-SOH, a better look at the octagonal glass awards for the “generics” (Best Aircraft, Auto, Armor, etc) and for “Clock’s A Tick’n” Theme Trophy. -mick

## EDITOR Rambles On With Stats for SVC #3, Shares His Favorite Shots

*Text/Images: Mick Burton*

STATS & SUCH FOR THIRD SILICON VALLEY CLASSIC 4/02/16

80 MODELERS ENTERED 265 Items (total 373 models on table, as 3 collections had additional 108 items within "3 entry items")

(3 more modelers 14 less model entries than last year)

69 Senior, 7 Junior, 4 Subjunior class contestants in divisions (5 more Senior, 2 more Junior, 4 less SubJunior)

\*Breakdown: Of original 48 Senior categories, ONE had no entries, with ONE split  
 Of original 5 Junior categories, NONE had NO entries with no splits required  
 Of original 4 Youth categories, NONE had NO entries with no splits required

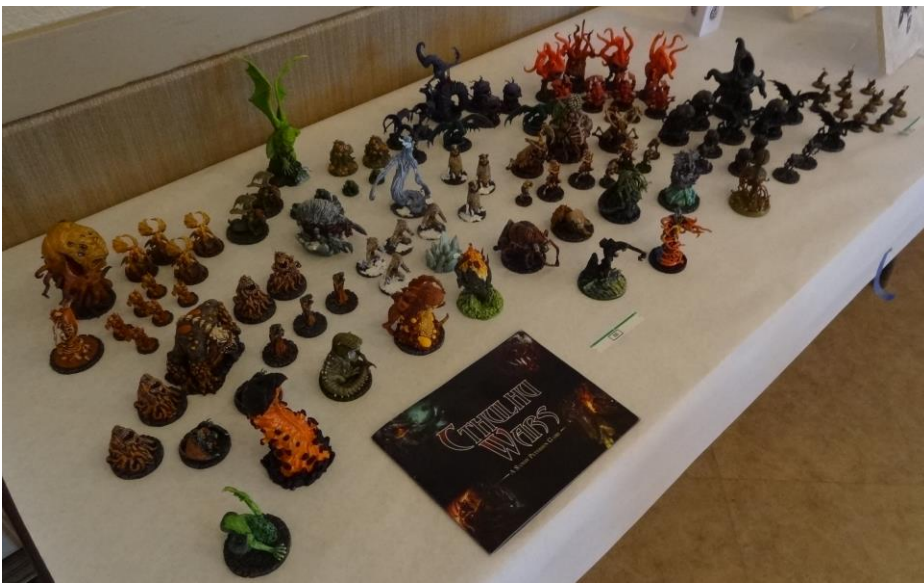

\*Entries: 1 categories had NO entry, 1 in Senior  
 8 categories had only ONE entry (LOOK AT OUTCOME) 3 in Senior, 2 in Junior, 3 in Youth  
 8 categories had only TWO entries, 8 in Senior

With no split packages available atop the 57 categories we ended up using ONE (we had 1 potential due to 1 "no entry" category)

There you have it, the "official numbers" for Silicon Valley Classic # 3, showing a stable return on our investment. If you're interested, I have the statistics in this format above, for all the SVSM annuals back to 1998, which can be sent to you as PDF for usage as "sleep aid". Just drop a message into the SVSM Editor's email, [DENS25403@mypacks.net](mailto:DENS25403@mypacks.net)

With that said, here's a small gallery of the Editor's favorite stuff at the event, enjoying his retirement as SVSM CD.

Yes, this is ONE entry, in Collections. As one may ascertain, there's more than one model here ! *Hat's off to Chip Harrison !*

Below is Shiblee Hassan's superb Jet Colors! "Nemesis" Formula Air Racer, so very very nice (also very rare to see).

Even in Miscellaneous, you find that you'll have to run with "the big dogs" if you're going to compete.

Interestingly to this fan of Prehistoric Fauna of all kind Chris Bucholtz's "Big Bird" took First in this category, a severe punch in nose of his Andrewsarchus here. He'd lost to a Bird, a Mouse and "Girly Panzers", in that order

No wonder, the snarling ...

***Someone, save the turtle !***

Speaking of “Girly Panzers”, here is a look at this amusing and well crafted, also “documented”, winning eye catcher.

What a treat for this Editor, finding this entry.

Since the early years of his modelling days, he has been enchanted by the Canberra/B-57s. At the show, he learned the very personal story of why builder did this one, and now loves B-57B “Night Intruders” even more.

This “Haribo” Porsche GT3R delighted, and so did companion CAN AM 917PA in white, seen below.

A better angle and larger look at that Porsche 917PA !

Just had to love anything with title of “Plymouth Dirt Car”

Model: Czech Model (#3202)  
Scale: 1/32  
P-80C Shooting Star  
Korea, Autumn 1952, Suwon Air Base (K-13)  
36th Fighter Bomber Squadron  
8th Fighter Bomber Group

Another long time affection of Editor's was rewarded by seeing the “*Beer City Special*” P-80C in fine rendering, in whopping 1/32<sup>nd</sup>.

With one last look at the crowd and thumbs up from “Sarge”, I’ll put a wrap on Editor’s essay on enjoying the 3<sup>rd</sup> SV Classic, as one customer. — mickb fini

# ***SVC Three ROUNDUP***

*By Contest Director Mike Woolson*

*With the Silicon Valley Classic #3 in the books, I can start the process all over again. With next years event and theme already in my head, I'm on the hook to follow through.*

I will make it happen for the fourth event under my command.

Napredak Hall has done a series of improvements over the course of three years moving forward to better serve customers. The returning food truck was another plus in moving the Classic in a forward direction.

This year's contest was different for many, as it was the first year without the presence of model drive operators and regional fixtures Steve & Anita Travis. During my presidential term, I'd never thought I'd see something like this happen to the club membership, but things beyond our control happen.

Last year I was glad to see both Steve & Anita were able to attend but most of all for me pick the winner for the Subject of Honor award. I made this to honor the hard work they have done supporting the raffles, Lily's club, club auctions. But most importantly for the chapter of SVSM history they wrote, in giving back to the members of the United States armed forces through the model drive program. First thing in morning, when I was looking in the hall, I felt a large empty feeling and brought up memories from last year.

When the time came announce the "Subject of Honor" I asked Frank Beltran to say a few words about Steve & Anita, since he was the closest and he performed above and beyond what I could have done. The recipient was none other than Brad Chun with his trio of 32 Ford hot rods. Brad was floored to have won the award.

A bit of background on this year's award. I have the outlook of building something unique to fit with each yearly contest theme. Sure, I can go to a trophy store, buy something that's from a production line. But in my eyes that's the easy way out! I sponsored this out of my own pocket, built on my own time, with help from no one!

Clock's a Tick'n theme was incorporated into award design as the vertical section was shaped like some vintage hand of a clock.

But if you look closely, there are three pieces that make up this section. The wooden background, the engraved aluminum a last minute addition of white colored plastic sandwiched between the two for some contrast. That plastic was the best decision I made for the design, pulling everything together. Another hidden design was base plate shaped like a raffle ticket, since Steve & Anita donated some high priced items to the raffle to entice people to spend more on tickets. The award was made from walnut board I had bought at my local Home Depot last year, when I made first SA Travis Service award for Tri Cities 11.

What's in store for next year's design?

*I'm "on the hook" for it and will not disappoint.*

## San Jose Police Historical Society Display Project

The San Jose Police Department has a display cabinet at the officers entry to the police patrol division building. The San Jose Police Historical Society would like to fill the cabinet with models of San Jose Police vehicles in 1/24 and 1/25 scale (or helicopter in any scale). The Historical Society is asking for model builders who would be interested in building a vehicle to be put on permanent display. The San Jose Police has used a wide variety of vehicles over the last 100 years, to include the following:  
(In the early 1920's through the 30's officers used their own vehicles for patrol)

- 1941 Chevy Sedan 4 door (black, unmarked with radio aerial only)
- 1946 Pontiac Streamliner 4-door sedan (3 cars traffic control)
- 1951 Pontiac 8
- 1951 Chevrolet
- 1953 Ford Customline 4-door sedan (V-8)
- 1954 Chevrolet 4-door (V-8)
- 1957-1958 Ford Custom 300 (V-8 352 Thunderbird engine)
- 1959 Ford Custom 300 (first official Ford police package car)

- 1960 Plymouth 4-door sedan
- 1963 Plymouth 4-door Fury
- 1964 Plymouth Savoy 4-door sedan (383 commando) including the station wagon (k-9)
- 1965-1967 Plymouth Fury I 4-door (383 commando)
- 1968-1969 Plymouth Belvedere 4-door (383 commando)
- 1970-1971 Plymouth Satellite 4-door sedan (big block 400)
- 1972 AMC Matador 4-door (360 engine)  
Plymouth Fury 4-door (HP 440)
- 1973 Plymouth Fury 4-door (HP 440)
- 1975-1976 Plymouth Fury 4-door (HP 440)

## LITTLE OUTLINES of CLUB CONTESTS for YEAR 2016

### SVSM PRESIDENT's CONTEST May 2016 *"It MAY Have Happened"*

Another rock simple decision for entry making. Did your subject have some significant existence of note in any of the 31 Days of MAY ? If the answer is Yes, you're done and just need to wait til meeting night.

Some help in case you're really stumped here. MAY DAY saw some pretty awesome model subjects in the finest parade liveries tooling down "Red Square" in Moscow.

Hmm, recall dimly there might have been a Lockheed product over same general area May 1960...

Figure and diorama modelers might be inclined to consider that Cinco De Mayo celebrates a battle which may have happened to provide material for them.

Does anyone recall that USA's first man in space, Alan Shepard, took his *Freedom 7* Mercury Capsule into suborbital arc, May 5, 1961?

The sack of Rome by Germany, May 1944 ? Note the *Lusitania* passenger liner was sunk May, 1915 ? In May 1937, at Lakehurst, New Jersey, *Hindenburg* goes down in flames ? How about that Dien Bien Phu falls in May 1954, stir up any ideas ?

*And that's just the first week of May* for some small bits to start considering...

# YOU MOTHER – JUNE 2016 SVSM Member's Contest Theme

A rare and creative direction for competition with a wry titling ! Will be aeronautical in approach, but requires some forethought as you must plan for Mother & Child. Check it out.

Per Member who came up with this fiendishly fun scale fight, qualifying contesting entries are listed below. Note, they **must be finished** to be award eligible, and **“in combo”**, **not single ships**. Pylon references plus any requisite modeler tech to produce, not considered being outside your skill sets by the Member Sponsor.

## LIST:

EB-29 + (X-1, X-2, D-558-II, XF-85) ( Actual designation for “Fertile Myrtle” = P2B-1S )

EB-50 + (X-1, X-2)

NB-52 + (X-15, X-24A, X-24B, M2F2, M2F3, HL-10, Pegasus)

L1011 + Pegasus LV

Tupelov ANT TB-1, TB-3 Zveno Project

Lockheed M-12/GTD-21 Blackbird combo

Project Tip Tow EB-29/EF-84 combo

Project Tom Tom B-36/EF-84 combo

Leduc 022 with her mothership

Byrd's Antarctic Land Cruiser with Staggerwing

B-52 with GTD-21B

Dornier with Me-328

I-19, I-21, I-25 (sub carrier plus E14Y Glen)

I-400 (sub carrier plus Aichi Seiran floatplane bomber)

G4M Betty (when outfitted with an Ohka suicide bomber)

Sponsoring member suggests reference to [https://en.wikipedia.org/wiki/Mother\\_ship](https://en.wikipedia.org/wiki/Mother_ship) for anyone seeking additional guidance or an idea where maritime/land options lie.

There you have it, now get two it ! You have some months yet (more or less) to get ‘er done.

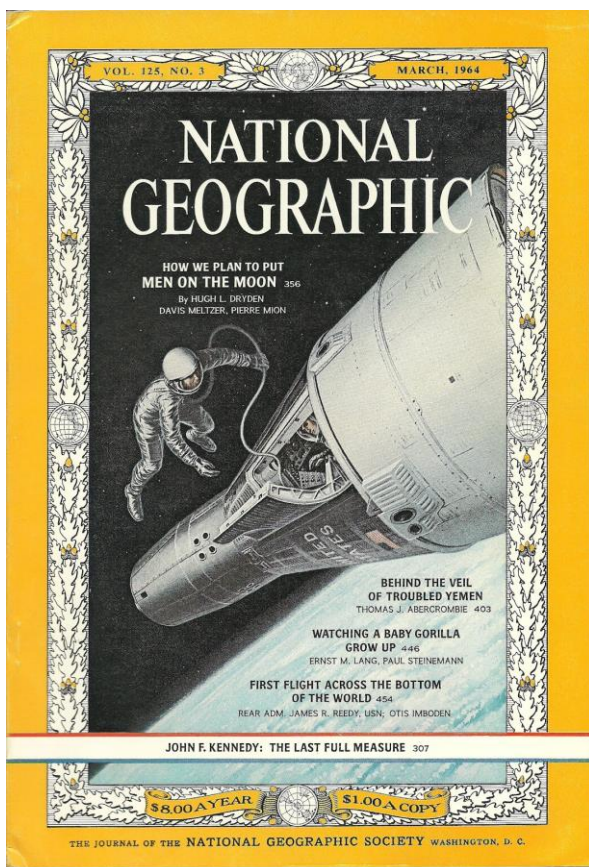

## SVSM EDITOR'S CONTEST THEME JULY 2016 *"APOLLO ASCENDANT"*

My MANNED SPACE PROGRAM club contest model competition celebrating 50 years since first of the Saturn 1B launches to test USA's Apollo hardware took flight in Feb 1966

Now, of course, one canny modeler competitor or another will likely realize as I will blatantly point out, that definition does include a LOT MORE than MEETS the eye, so if you're not a "flaming tube fan" or "spam in a can orbiter maker", there are several options still open to you.

Say, the X-15, X-24, M2F-1, 2, 3, HL-10 vehicles with direct tie to US Manned Space effort. X-20 DynaSoar may not have flown, but it counts too, like the USAF MOL project.

On the off chance that you're still not quite with this, or really not a fan of USA space hardware/programs, remember there's plenty of other options still here

Russia and China for two. There are others, but I can't do all your heavy lifting

FINISHED ENTRIES ONLY ones eligible for awards, but all entries welcomed
