VOL. 57A, No. 2B [WWW.SVSM.ORG](http://WWW.SVSM.ORG) APRIL 2023

A Publication of the SVSM Chapter of International Plastic Modeler's Society, USA

## **SVC 7 : Modelers Finally Win Chance To Compete**

**CONGRATULATIONS AGAIN to ALL WHO SHOWED & PLAYED AT SVC SEVEN**

*Text/Images: Mick Burton Special Text: Mike Woolson Additional Images: Vladimir Yakubov Models: Enthusiastic Entrants*

**2022 marks the 7th Silicon Valley Classic** under the Contest Direction of VP/CD Mr. Mike Woolson and his team. Continuing our efforts as a club to promote fun of scale modelling, community and competition **AGAIN, SUCCESS**

**AS REQUESTED, CONTEST DIRECTOR SIGNS OFF ON HIS SUCCESS IN HIS OWN WORDS**

As the long awaited SVC 7 has come to a close I'm the first person to say I'm glad it's over with! All the delays behind the scenes finally cleared and the contest became a reality!  
*( cont'd on 3 )*

*Editor's MisBehavings* – this month's editor, Mick Burton

( shameless plug: [www.mickbmodeler.com](http://www.mickbmodeler.com) )

**“ I PLEAD THE FIFTH GOING ON INTO THE 60's WITH NOW LOOK BACK AT SEVEN OF NINE ”**

Whew, I did it ! Finally arrived at new opening editorial header that compiles plenty familiar past with true currency.

For this, my FIFTH compilation TAMS being created in 60<sup>th</sup> anniversary year with look back at our seventh Classic hosted over a nine year span, last Fall. A little bit quicker production of recollection than first appears if you have the context. I managed the back to back creation/publication of TAMS editions covering SVC 5 (held March 2018) and SVC 6 (held April 2019) with August 2019 TAMS for #5, September 2019 TAMS for #6 , quite challenging catchup.

So, now to here. Dearly wishing to have had this issue crafted and completed before New Year as my goal, yes having had barest minimum of material collected before SVC #7 month's end. It being my own raw photos gallery, a careful download of Vlad's invaluable gallery at SVSM site. Plus crash production of the raw paper record data taken directly from event, loaded into my database, for getting those results published online, before doing the rest of my analysis.

Well, that initial major obstacle to my goal? Being already deep in my own event. The TriCity 14, that itself just was returning after a 5 year hiatus, to the circuit. Complicated some by being in a new venue, in less than 2 months hence. Being a deluded optimist, I considered the production of new event documentation, award designs/production, getting all the major details of a new untried venue while also continuing to create/publish things like this on a regular basis an imposing but far from impossible project. So all it would just mean , this would get done around winter holiday period.

Yea. Notwithstanding there were still events upcoming in September and October which would be attended yet, or not. Or backlog not yet relieved of prior events that were delayed (like the SVC 7 for the 3<sup>rd</sup> time by then) from early 2022 in re: newsletter coverage. Or how much prep really required even when using tried/true methods of past for creating promotional, marketing material for such an event, especially when not having been in depth for five years now. Not to mention by necessity becoming a Vendor Chair for your own event, when you really don't like doing that post at all.

Still, all bumpily underway but on a very distressed schedule, only missing the Reno NCAR but still on for making it to first time at Elks Lodge Reno HR event...which I did, plus photographed judiciously. Also bringing along newest flyers just edited for the TC-14 and plans underway for a last month blast of promotional material to be published in series of Fremont Buzz newsletters, as had been my tradition for several past TriCity events. Oh, but wait!

Let's go pay long overdue visit to ailing family member. Stay the night as fill in caretaker, head to work. Only to find when opening up laptop at lunch to begin next phase of imminently needed publishing...it no longer was of this Earth.

Those backups you thought you did? Nope, nothing but midsummer, just at begin of all this. All prep docs, extensive Deep research, recent newsletters, raw galleries, plus vetted data files from last event 5 years ago to reference...all part of now grand Windows 10 paperweight. Ten days later came back to life only enough to report perhaps a BIOS update would be helpful, Also helpfully prefacing that in this state, doing so could guarantee the PC and all data aboard would perhaps become fatally irretrievable if after update done, didn't "take hold proper". My production paralysis took hold.

Long story from there short: process of emergency rigs of two older Win 7 laptops. Lucky breaks in reconstruct and a reconstitution of scant backups. Mostly a huge break with my better half finding someone to recover my dead laptop's data. Even miraculous 6 month return (died for good in March). So, TC-14 got done, all kinds of newsletters I caught up events past/present. Now backup Win7 rig @ hand, the long ago planned issue became reality. Thanks to all. *Mb fini*

**TABLE OF CONTENTS APRIL 2023 AFTERMARKET SPECIAL ISSUE on SV CLASSIC # 7 of 9/10/22**

- 1) **ON THE LINE – Mike Woolson With Look Back On SEVEN SV CLASSICS Helmed by Him as VP/CD** ( resumes @ 3)

- 33) **GALLERY REVIEW OF SVC # 7 WINNERS (SPECIAL AWARDS)** ( runs to 38 )
- 38) **ENDPIECE FOR SVSM TAMS SPECIAL SV CLASSIC # 7 ISSUE**

*Classic Number Seven Long Wait Worth It As Folks Took Their Best Shot at Winning From Near & Far (from 1)*

In the past decade I have done my homework and made notes on the positive and negative parts of the different contests and events from Seattle to Oklahoma. A quick rundown on how this all happened. I noticed Mick Burton was being stretched thin running things for two different local events and I said; Hey I'll be a second in command if you want someone there? He guided me through several sections that were important and I absorbed everything for when the time came he wanted to step back and be a spectator only!

The Silicon Valley Classic was launched on April 5th 2014 at our old location Napredak Hall. I chose to keep things simple, easy and a classic feeling as it was also the club's 50th anniversary. The best of show was an actual cup awarded, instead of a \$40 piece of wood, with the first few years the wooden 4x6 plaques awarded for the 1-2-3 places. When the money finally ran out for those I had no choice but to streamline things even more and the Olympic style medals were the choice and the only thing we as a club can afford. People constantly offered to help, but the only people that ever came through were Steve & Anita Travis and I thank them for everything they did to help myself and Bill Ferrante when the treasury was in trouble. We succeeded from start to finish over the span of nine years and a seven contest run. And what a run it was!

The IPMS Silicon Valley membership is now set to start another chapter for the history books. Who's replacing me? Hell if I know! Burton has other things he wants to pursue so don't ask him about it!

I have also built an extremely strong rapport with the office staff within Napredak that a new director needs to build from scratch.

I quietly relocated my family to Odessa Texas during early summertime to be closer to our extended family. Some members were wondering why I was not at many club meetings. Well there you go! I kept this quiet because I can...

I want to sincerely thank the following members that helped me extremely over the course of my run.

Frank & Miriam Beltran  
Bill Ferrante  
Steve & Anita Travis  
Kent McClure  
Gabe Lee  
Dave & Christine Anderson  
Mick Burton  
and recently Bob & Christine Meyers

It's been a blast for almost a decade meeting contestants from all over the world and getting inspired by their work. I never wanted or expected a service award to reinforce the fact I did a good job! I discontinued the service awards due to the fact everyone received one that deserves it.

Never kissed up to anyone and never will!

Mike

## EDITOR's Look SVC #7 In A Manner of Analytics

Text/Images: **Mick Burton**

Additional Images: **Vladimir Yakubov**

*Incredibly I now have 22 years of data collected for useful analysis. Specifically of : how many model/modelers, types/categories/winners and FROM WHERE . Helpful !*

Consistent rigor of this particular data collection not only serves its immediate purpose, (supporting run of the specific event in real time, it also provides a very tough to argue time capsule for future work planning categories, themes etc. )

One very constant useful data point every year is summary of the geographic spread of the winning entrants, which has inarguable evidence (if dealing with facts vs opinion) again that modelers far and wide come to/win awards at our long running gig. Check previous reports I have done, you'll find even Polynesia, Hawaii, Washington, Oregon residents !

Of 138 winning category models, the modeler's stated city of residence break out as follows for year 2022, SVC #7

Alameda -1	Folsom-1	Mars-1	Sacramento-1
Anaheim-1	Foster City-1	Martinez-1	Salinas-2
Brentwood-1	Fremont-3	Morgan Hill-1	San Jose -10
Campbell-1	Fresno-1	Mountain View-1	San Mateo-1
Castro Valley-1	Hayward-1	Oakley-3	Santa Rosa-1
Dublin-1	La Habra-1	Pacific Grove-1	So San Francisco-1
East Garrison-1	Laguna Niguel-1	Patterson-1	Sparks NV-1
Esparto-1	Los Gatos-1	Placerville-1	Vacaville-1
Felton-1	Marina-1	Reno NV-1	

Note above of course, that the number indicates a winning modeler(s) from that place, in several cases 1 modeler won more than once, but you'll have to read the awards results to determine that set of specifics. So yes, while true San Jose indeed had 10 modelers who won at least once, with Fremont and Oakley tied for second biggest number of winning entrants, Salinas the third most, just look at the vast number of cities North and South of here having at least 1 win. It again illustrates how competitive and also judiciously judged SV Classic manages to be. Hey Nevada as a state took 2!

On left, a look at the ribboned medal 1/2/3 awards that Messr Woolson chose as trophy for regular categories this year. Well, okay I have pics of 1<sup>st</sup> and 2<sup>nd</sup>

Again The Editor did not enter any models so guaranteed himself having no firsthand examples of any of the 3 types of these awards.

The Special Awards break out continued a strong trend as spread in how they "worked out" all over, not just local:

SA1-Best of Show Senior	Patterson
SA2-Best Of Show Junior/Youth	Salinas
SA3-Best Theme " Take Your Best Shot "	Brentwood
SA4-Best SF, Fantasy or Real Space	San Jose
SA5-Best Maritime Subject	Mountain View
SA6-Best Auto	Campbell
SA7-Best Armor	San Jose
SA8-Best Aircraft	Patterson
SA9-Best Figure or Diorama Subject	San Jose
SA12-Kenneth Jung Subject of Honor Award	Brentwood
SA13-Steve & Anita Travis Subject of Honor Award	Oakley
SA15-Best Vietnam War Subject	Brentwood

SA9 Award, SVC #7

SA4 Award, SVC #7

Speaking of Awards, Mr Mike again came through with the Classic “Cup” for Senior Best of Show (pics on left) as well for Junior Best of Show as I pictured on the right.

Mike continued the “Best of “ cups over into latest “Subject Of Honor” for Kenneth Jung Memorial, seen below left. Nicely differentiated !

Again, for the “ generic” Best Of Awards (Aircraft, Automotive, SF, Armor, Maritime, etc) which were SA4 through SA9 this time, Mike got the classy Arced Glass with an etch motif. Two examples were in the prior page, and here a look at

the same pair, edge on so you can appreciate the heft of them more.

Below, a head on look at SA3, Best Theme, a similar glass act, nice

A quick break, with a look at the midday show from the stage

Then  
We  
Wrap

On the right, the Contest Director's personal project in its Seventh edition. This is SA13, Steve and Anita Travis SOH (Subject Of Honor) Award, which Mike Woolson designs and builds himself each, every time. A little ahead you 'll find my article which directly addresses this the SAT SOH and another which covers the KJ SOH (Kenneth Jung) full history. But only here can you see it unencumbered, this.

Lastly, new for SVC #7, "Sarge" Frank Beltran and his Miriam sponsored this grand idea of a Special Award. Which you see on left. Frank saw service and action during the years of American involvement with this long conflict, while in US Army. So there is a little bit more than a hobbyist/historian angle to this award.

Ahead, you will find aforementioned focus articles on SATSOH and KJSOH, then ENTIRE WINNERS LISTINGS with pics !

For now, to wrap this article up, here are for you to peruse:

### STATS & SUCH FOR SEVENTH SILICON VALLEY CLASSIC 9/10/22

62 MODELERS ENTERED 312 Items (total 312+ models on table, SOME entry had additional within "single entry")

(30 less modelers 18 less model entries than last contest in year 2019 )

56 Senior, 1 Junior, 5 Youth (Subjunior) class contestants in divisions ( 23 less Senior, 6 less Junior, 1 less Youth )

\*Breakdown: Of original 50 Senior categories, ONE had no entries, with ONE split  
Of original 5 Junior categories, THREE had NO entries with no splits required  
Of original 4 Youth categories, ONE had NO entries with no splits required

\*Entries: 5 categories had NO entry, 1 Senior, 3 in Junior, 1 in Youth  
7 categories had only ONE entry (All 7 in Senior ONLY)  
9 categories had only TWO entries, 8 in Senior, 1 in Junior

With split packages available atop the 59 categories ended up using ONE (had 1 potential due 5 no entry category)

There you have it, the "official numbers" for Silicon Valley Classic # 7, our last showing at Napredak Hall, thank you Mike Woolson & team for fabulous run. Damned good return on Mike's investment in making our return to Hall work.

If interested, I have for all SVSM annuals back to 1998, these sort bottom line statistics in this format shown above. If you need "sleep aids", drop me a line at SVSM Editor [DENS25403@mypacks.net](mailto:DENS25403@mypacks.net), I'll share a copy with you - *mick*

***AND THE CONTEST DIRECTOR'S SIGN OFF MESSAGE FOR SPECIFICALLY SV CLASSIC # 7***

After two years of waiting and rescheduling the SVC 7 finally happened and I feel so relieved that it's in the books.

Attendance was as expected and it was great to see everyone enjoying themselves. The food truck I booked in the past had an identity change to BBQ that everyone I asked enjoyed the pulled pork sandwiches.

I'm a bit disappointed there were only two entries in the Atlantis Models category. The rules were simple and meant to have fun and build something simple.

I want to personally thank the following people

Frank & Miriam Beltran

Bill Ferrante

Kent McClure

Gabe Lee

Mick Burton

The Balderama Family for their operations of the make n take

P.A. for his generous donation eight boxes of model kits for the raffle

and recently Bob & Christine Meyers for the raffle and announcement of the winners

***Michael Woolson, 1<sup>st</sup> VP 2021/22 and SVC #7 Contest Director***

2016 #2 KJ Subject of Honor

2017 #3 KJ Subject of Honor

**THE KENNETH JUNG –SUBJECT OF HONOR AWARD**

“ Dual Passporter “ Peter Long has sponsored this award in his friend’s memory for both SVC, TriCity since 2015, and plans to continue to do so. So in order to keep things up to date here’s a complete reference page.

***The KENNETH JUNG –SUBJECT OF HONOR Awardees as of 2023***

KJ-SOH	SVC 2	Sebastian Domine	O3U on Catapult
“	SVC 3	Ben Pada	Spitfire 9
“	SVC 4	Mark Glidden	USMC M1 Assault Veh
“	SVC 5	Howard Weaver	F-4B Phantom II
“	SVC 6	Jeff Lew	EC-121 Warning Star USN
“	SVC 7	Leo Groba	AC-47 Gunship

2018 #4 KJ Subject of Honor

2019 #5 KJ Subject of Honor  
(ref photo thanks to T. Trankle)

2022 #6 KJ Subject of Honor

**THE STEVE & ANITA TRAVIS –SUBJECT OF HONOR**

SV Classic Director Mike Woolson has hand crafted this last of our “Special Special” Awards ever since he launched it at SVC #2 (that picture has Steve Travis’s hands holding the award !)

Another intended to be a “featured award” for our annual shows, important to leave a trail for others to “stay in the loop” and show some respect for past/present/future.

So here you are, the awards as created for each from the beginning to now, and then listing of the winners and lastly a capsule look at models that won them
